

# My Feelings on Stupid People

We will not feel bad for staying at home,  
To keep our family safe we'll be at alone.

We'd like to thank the key workers, the postie and the nurse,  
And everyone else that doesn't fit into this verse.

So all of you that think life is a breeze.  
Be sensible, stay inside, please, please, **please**.

Keep the going out for those that have to work,  
And don't act like you're such a bloody berk!
